TOiLET TRAiNiNG

A Social Story and Activity

For Autism, Speech Therapy and Autism

When I feel like I must go potty, I should go to the bathroom

First, I need to pull down my pants and underwear.

Then, I need to sit on the toilet and pee and poo.

I can also stand on a stepping stool and pee.

After I am done peeing and pooing, I need to get some toilet paper and wipe.

After that, I need to flush the toilet.

In the end, I must wash my hands with soap and water.
